

Benefits

- An Online Shop with your own logo to retail your refurbished appliances.
- Rights to attach the EEE Safe “**Approved Refurbished Appliance**” Labels with your own logo.
- Ability to sell Refurbished appliances, New Appliances with a commission via our Retail Partners link and Genuine Manufacturer Spares via REEESafe. (**Please note there are no transaction costs like Ebay Shops charge. This is an Online “Local” Shop**)
- Access to our Intelligent Online Quality Assured Recycled Spares – Online Trading Platform
- The functionality within your online sales, to automatically ask your customer to donate their old appliance for collection and repair in an **EEE Safe Centre**.
- A shared commission structure on the new appliance sales at guaranteed competitive prices. (**Fulfillment is completed by the Online Retailer who will not remove the old Appliance.**)
- Opportunity to collect more repairable appliances within your region of operation, through direct donations from our site, or from goods offered by **EEESafe DAT’s** (*Domestic Appliance Technicians, Home Repairers*)
- Opportunity to register your repair workforce as **EEESafe DAR’s** (Domestic Appliance Repairers) (Who are “*Workshop only Repairers*”) *This is compulsory after 6 months as a Centre with only a £45 Registration fee and a short online assessment backed with evidence of your experience*)
- The opportunity to become an **EEESafe Training Centre**, through our forthcoming Qualification EEESafe DARq and the EEESafe Training Institute programme.
- The opportunity to promote the **EEESafe Brand**, which is your USP and support your local community as a Safe and Experienced Repairer helping to keep appliances out of the Waste Stream.
- Receive enquiries from the Public and Consumer Organisations as a Trusted Brand.
- Be discovered by our “Find an EEE Safe Centre” or “Find an Appliance Technician”
- Becoming aligned with the Industry Trade Association, DASA

Recognition

Approved Appliance Label

- Recognition of a Safe Brand, committed to evidenced waste prevention, positive environmental and social outcomes.
- Inform your customers when they have a Manufacturers Product Recall and help reduce fatalities and accidents in the home attributable to faulty appliances.
- Sell “Safety & Accountability” to Homeless Departments, Social Services, Housing Associations, Aid Groups, Rehabilitation, Youth help, Landlords and Trading Standards
- Access our Online Repair Tracking and Traceability System
- Coming Soon...your own customer records of customer repairs linked to “Find a Technician”.
- Promote a WEEE Solution that makes sense and optimises local Reuse to help in times of austerity.

Remember: 70 Deaths, 350,000 Serious Injuries per annum due to household electrical accidents
